Please read and observe the following health and safety information carefully before using the device. Failure to do so may result in damage or injury. Use of the product by children only under adult supervision.

Warning

Notes on product safety

- Use only for its intended purpose.
- Use the steering wheel in dry conditions only.
- The steering wheel must not be exposed to microwaves, high temperatures or prolonged and direct sunlight.
- Make sure that the steering wheel does not come into contact with liquids or get wet!
- Never touch the steering wheel with wet or greasy hands.
- Do not use the steering wheel with excessive force.
- If you come into contact with liquid, wipe it off directly with water. Clean the surface of the controller with a cloth.
- The steering wheel must not be disassembled or repaired.

Caution

General Information

Keep this product and its packaging materials out of the reach of younger children. Packaging materials and the individual devices could be swallowed.

Cautious Use

If the controller is dirty, wipe it with a dry, soft cloth. Do not use thinner, petrol or alcohol.

Package Content

- 2 Steering wheels
- 2 Adapters
- This manual

Ergonomic handle

Thanks to the ergonomically shaped steering wheel, you can hold the steering wheel for long periods with little fatigue. This makes even long races a pleasure.

Easily accessible SL and SR buttons

With the easily accessible SL and SR buttons, your commands are transmitted directly and without delay to the Joy-Con. This makes it easier to control your game.

Attaching the Joy-Con

- Plug your Joy-Con controller into the adapter from above,
- Then connect the controller to the control wheel
- Test whether the two SL and SR buttons work, and off you go!

Declaration of Conformity

Stage10 GmbH hereby declares that the product is in conformity with the relevant Union harmonization legislation(s) (2014/53/EU et al).

Disposal

Disposing of the packaging

Dispose of the packaging sorted into single-type materials:

- Paperboard and cardboard for recycled paper
- Films in the recyclable material collection service

Disposing of the device

(Applicable in the European Union and other European states with systems for the separate collection of reusable waste materials)

If the product is no longer operational, every consumer is **required by law to dispose of used devices separately from household waste**, e.g. at a collection point run by the communal authority/borough. This ensures that old devices are recycled in a professional manner and also rules out negative consequences for the environment. For this reason, electrical equipment is marked with the symbol shown here.
